Attention regarding Dog walking in hot weather 27 + Degrees

1. On days of 27 +; No **DOGS** will be left out for long runs or allowed out for day release with their owner.
2. **Why?** Because the temperature exercising can cause your dog to overheat.
3. Your **DOG** will then drink excessive amounts of water causing your dog to possible bloat.
4. You may then require a **VET** or it could be worse. It is Cooler inside the kennels.
